Tom -

I will be getting back to you later this AM with some information on issues which we would like to discuss on Wednesday; these will be similar to the items we discussed with the Corps last week .

It seems like this is a large number of people planning on attending .
I certainly appreciate the level of interest in the meeting and the desire to have a multitude of representatives present but, I'm wondering on the ability for us to start developing a path forward with a very short window of time for discussion .

Maybe a later meeting with a larger number of stake holders to discuss issues /resolutions/agreements is a better way to address the concerns of the multitude of stake-holders.

Thoughts ?

Jeff

Jeff,

Here is Consol's preliminary list of attendees. As you can see from his email, Jonathon Pachter will be confirming this list on Monday.

I understand the Corps will be bringing Ginger Mullins and Teresa Spagna.

Please let me know if you need any additional information.
